### **Rosemarie Latham Receives Endorsement from Planned Parenthood**

**Deltona, FL – [Date]** – Rosemarie Latham, candidate for Florida House District 29, is proud to announce the endorsement of Planned Parenthood, a leading advocate for women's health and reproductive rights. This endorsement underscores Latham's unwavering commitment to protecting access to safe, legal abortion and ensuring comprehensive healthcare for all women in Florida.

"I am honored to receive the endorsement of Planned Parenthood, an organization that has tirelessly fought for reproductive freedom and healthcare equity," said Rosemarie Latham. "This endorsement reaffirms my dedication to defending the right of every woman to make her own healthcare decisions without government interference. I will continue to fight against restrictive laws that undermine women's autonomy and access to essential health services."

Planned Parenthood's endorsement is a significant boost to Latham's campaign, highlighting the stark contrast between her and her opponent. While Latham has consistently advocated for reproductive rights and healthcare access, her opponent has introduced legislation to restrict these rights, including a 6-week abortion ban. This support from Planned Parenthood signals to voters that Latham is the candidate who will stand up for their rights and prioritize the health and well-being of all Floridians.

The endorsement by Planned Parenthood is not only a validation of Latham's platform but also energizes her grassroots movement, powered by hundreds of individual donors and volunteers who share her vision of a more equitable and just Florida. With this support, Latham's campaign is poised to make a significant impact in the upcoming election, championing the values of choice, access, and healthcare for all.
